Number 5.

FOREWORD. (To the Symposium on Loess, 1944) M. K. Elias 225

LOESS AND ITS ECONOMIC IMPORTANCE ............... M. K. Elias 227

PLEISTOCENE LOESS DEPOSITS OF NEBRASKA
    C. Bertrand Schultz and Thompson M. Stout 231

GLACIAL VERSUS DESERT ORIGIN OF LOESS ...... Kirk Bryan 245

A MECHANICAL ANALYSIS OF WIND-BLOWN DUST COMPARED
    WITH ANALYSES OF LOESS
    Ada Swineford and John C. Frye 249

LOESS TYPES AND THEIR ORIGIN ........ Vladimir A. Obruchev 256

SIGNIFICANCE OF LOESS IN CLASSIFICATION OF SOILS
    James Thorp 263

SEQUENCE OF SOIL PROFILES IN LOESS ...... B. H. Williams 271

INfiltration into LOESS Soil .................. F. L. Duley 278

CHARACTERISTICS AND USES OF LOESS IN HIGHWAY CONSTRUCTION
    ........................................ R. E. Bollen 283

Observations on the Properties of Loess in Engineering Structures
    ........................................ W. I. Watkins 294
