

NUMBER 10

Dehydration melting of pelitic rocks and the generation of H ₂ O-undersaturated granitic liquids	<i>Alan Bruce Thompson</i>	1567
Open- and closed-system migmatites in the Front Range, Colorado	<i>Sakiko N. Olsen</i>	1596
Phase equilibria in metamorphosed iron-formations: qualitative T-X (CO ₂) petrogenetic grids	<i>C. Stephen Haase</i>	1623
Multicomponent electrolyte diffusion corrections for North Atlantic sediment	<i>Paul C. Mangelsdorf, Jr., and Frederick L. Sayles</i>	1655
Electrical conductances and ionization constants of calcium chloride and magnesium chloride in aqueous solutions at temperatures to 600°C and pressures to 4000 bars	<i>John D. Frantz and William L. Marshall</i>	1666
Migration of Salinian composite block, California, and disappearance of fragments	<i>Benjamin M. Page</i>	1694

DISCUSSION

The Merrimack synclinorium in northeastern Connecticut	<i>Peter Robinson and Robert D. Tucker</i>	1735
Not a Reply but a further Suggestion	<i>John Rodgers</i>	1744
