

American Journal of Science

JUNE 2010

CONTENTS

- Modeling metamorphism in collisional orogens intruded by magmas: I. Thermal evolution
T. Lyubetskaya and J. J. Ague 427
- Modeling metamorphism in collisional orogens intruded by magmas: II. Fluid flow and implications for Barrovian and Buchan metamorphism, Scotland
T. Lyubetskaya and J. J. Ague 459
- The widespread occurrence of coupled carbonate dissolution/precipitation in surface sediments on the Bahamas Bank
David J. Burdige, Xinping Hu, and Richard C. Zimmerman 492
