

American Journal of Science

FEBRUARY 2019

CONTENTS

- The silicate weathering feedback in the context of ophiolite emplacement:
Insights from an inverse model of global weathering proxies
Shuang Zhang and Noah J. Planavsky 75
- Spatial and temporal variations in the geochemistry of Cretaceous high-Sr/Y
rocks in Central Tibet
Hao Wu, Jingwen Chen, Qiang Wang, and Yunpeng Yu 105
- Shallow water redox conditions of the mid-Proterozoic Muskwa Assemblage,
British Columbia, Canada
*Eric J. Bellefroid, Noah J. Planavsky, Ashleigh V. S. Hood, Galen P. Halverson, and
Kasparas Spokas* 122
