CONTENTS

Number 98.

Fossil Mammals of Central Africa .......... A. T. Hopwood 101
Brachiopod Homonyms .......... C. Schuchert and C. M. LeVene 119
Marine Limit in Massachusetts .......... N. G. Hörner 123
Diethyl Phthalate with Ethyl Alcohol and
Methyl Alcohol ............. H. W. Foote and J. K. Dixon 146
New Genus of Free-Swimming Crinoids .......... E. Kirk 153
Paleocene Vertebrates from Alberta .......... L. S. Russell 162

DISCUSSION AND COMMUNICATIONS.
Continental Displacement Hypothesis .......... A. L. Du Toit 179
Reply by Mr. Schuchert .......... C. Schuchert 183

SCIENTIFIC INTELLIGENCE.

CHEMISTRY AND PHYSICS

Photoelectric Properties of Thin Films of Alkali
Metals, by N. R. Campell;
Engines, by E. N. da C. Andrade;
Two Solar Families, by T. C. Chamberlin;
Evolution in Science and Religion, by R. A. Millikan;
Practical Television, by E. T. Larner;
La constituzione e l'evoluzione della materia, by M. Motta;
Ernst Brücke, by E. T. Brücke;
Technology of Low Temperature Carbonization, by
F. M. Gentry .............................................. F. E. Beach 184

GEOLOGY

Warner Range in Northeastern California .......... W. M. Davis 189

MISCELLANEOUS SCIENTIFIC INTELLIGENCE

Text-Book of Biologie Assays, by P. S. Pittenger;
How We Inherit, by G. Altenburg;
Microtomists Vade-Mecum, by B. Lee;
Creation by Evolution .................................. S. C. Ball 190

PUBLICATIONS RECENTLY RECEIVED .......... 192

OBITUARY ............................................. 192

THOMAS CHROWDER CHAMBERLIN .......... C. Schuchert 194
