CONTENTS

Number III.
Classification of Glacial Deposits ............... R. F. Flint 169
Is the Bryn Mawr Peneplain a Warped Surface? G. W. Stose 177
Hodges Nickel Prospect, Torrington, Conn.... W. M. Agar 185
Unique Occurrence of Lechatelierite or
Silica Glass .................................. A. F. Rogers 195
Ternary System: Sodium Iodate—Sodium
  Sulphate—Water ............................. H. W. Foote and J. E. Vance 203
Stratigraphy of Hamilton Group of N. Y., Pt. II G. A. Cooper 214

SCIENTIFIC INTELLIGENCE.

CHEMISTRY AND PHYSICS
Industrial Development of Searles Lake Brines, by J. E. Teeple;
  Chemical Dictionary, by I. W. D. Hackh;
  Bibliography of Bibliographies on Chemistry and Chemical
    Technology, by West and Berolzheimer;
  Transmutation des Elémens, by F. Wolfers.......... H. W. Foote 237
Food Products, Their Source, Chemistry, and Use, by
Physics of the Home, by F. A. Osborne;
  Radioactivity, by Kovarik and McKeehan;
  Sphärische Trigonometrie, by F. Raaz;
  Talcott Method of Determining Latitude, by
    Marshall and Talcott;
  Physical Principles of Wireless, by J. A. Ratcliffe..... F. E. Beach 239

GEOLOGY AND MINERALOGY
Paleozoic Echini of Belgium, by R. T. Jackson;
  Status of Bothriocidarids, by R. T. Jackson........ C. Schuchert 240
Structures of Typical American Oil Fields............. A. Knopf 242
Die Geschichte des Vesuv, by Alfano and Friedlärnder.... R. F. Flint 242
Pre-Illinoian Pleistocene Geology of Iowa, by G. F. Kay
  and E. T. Affeld................................ P. MacClintock 243
Klimaschwankungen in jüngerer geologischer Zeit, by E. Wasmund;
  Das Eiszeitalter, Grundlinien einer Geologie des Diluviums,
    by P. Woldstedt................................ E. Antes 245
Contributions to Canadian Mineralogy.................... W. E. Ford 246
Height Above Sea-Level of Mountains in Eastern U. S.;
  U. S. Bureau of Mines;
  Der Züchter;
  Shift of Civilization Chart, by S. S. Wyer;
  Carnegie Institution of Washington;
  Publications of the U. S. Geological Survey............... 246

MISCELLANEOUS SCIENTIFIC INTELLIGENCE
Fields and Methods of Knowledge, by Piper and Ward...... H. Ward 251
Introduction to Biophysics, by D. Burns................ S. C. Ball 252
Taschenbuch für Berg und Hüttenleute, by Kögl...... R. K. Warner 252
Tin, its Mining, Production, Technology and Applications,
  by C. L. Mantell;
  Sparking of Steel, by E. Pitois..................... C. H. Mathewson 252
Publications Recently Received......................... 254
Obituary.................................... 254
