

Number 11.

	Page
ART. XVII.—The Crystal Structure of Alabandite (MnS); by R. W. G. WYCKOFF.....	239
ART. XVIII.—Later Cenozoic Mammalian Remains from the Meadow Valley Region, Southeastern Nevada; by C. STOCK,	250
ART. XIX.—The Classification of Igneous Rocks—A Study for Students; by L. V. PIRSSON,.....	265
ART. XX.—Studies in the Cyperaceæ; by THEO. HOLM. Carices aeorastachyæ: Crinitæ nob., Apertæ nob., and Magnificæ nob. (With 8 figures drawn from nature by the author).....	285
ART. XXI.—The Stratigraphy of Eastern New Mexico—a Correction; by J. L. RICH,.....	295

SCIENTIFIC INTELLIGENCE.

- Chemistry and Physics.*—A New Reaction for Ammonia, and its Application for the detection of Nitrogen in Organic Substances, C. D. ZENGHELS, 298. —The Quantitative Separation of Arsenic, Antimony and Tin, F. L. HAHN and P. PHILIPPI, 299. — Chemical Reactions and their Equations, I. W. D. HACKH: Food Products, Their Source, Chemistry and Use, E. H. S. BAILEY: Discussion of Isotopes, 300. —Wireless Telegraphy and Telephony, L. B. TURNER, 302.
- Geology.*—The White River Badlands, C. C. O'HARRA, 303. —Some Anticlines of Routt County, Colorado, R. D. CRAWFORD, K. M. WILLSON, and V. C. PERINI: Permian Salt Deposits of the South-central United States, N. H. DARTON: Interrelations of the Fossil Fuels, J. J. STEVENSON: Foraminifera of the Philippine and adjacent Seas, J. A. CUSHMAN, 304. — The Direction of Human Evolution, E. G. CONKLIN, 305. —Wissenschaftliche Forschungsberichte: Naturwissenschaftliche Reihe, Bd. II, Allgemeine Geologie und Stratigraphie, A. BORN: Mineralogische Tabellen, P. GROTH and K. MIELEITNER: Lehrbuch der Mineralogie (G. Tschermak), F. BECKE, 306.
- Miscellaneous Scientific Intelligence.*—Elements of Map Projection with Applications to Map and Chart Construction, C. H. DEETZ, 306. — Secrets of Earth and Sea, R. LANKESTER, 307. — Observations on the Living Gastropods of New England, E. S. MORSE: Elements of Bond Investment, A. M. SAKOLSKI, 308.
